Sublimation Crystals

BestSub's sublimation crystal story:
At the very beginning of our business, BestSub chose sublimation crystal as one of our key products, and gathered huge finance and R&D on this series product. As a result, sublimation crystals become one of the pillar of the companies' turnout. Although, BestSub's catalog becomes thicker echoing its development, we keep the advantages in crystal products.

3D Sublimation Covers

3D sublimation covers, generally made from polymer, further divided by the finish technique of glossy, frosted and paint. What's makes the 3D covers different from conventional 2D covers is the printing method and process. It requires a matchable 3D printing tool which is supposed to be used in a 3D vacuum machine. As a result, a 3D cover has a full size printing in the surface and the edge, corner and places which can not be printed with the normal 2D cover making process;

2. The picture is vague: the pressing time is too long causing the ink to spread;
3. The cover of the print is not brilliant: the pressure is too heavy;
4. The print is partially vague: the heat of pressed area is unbalanced;
5. The print has scar: the pressing time is too long;
6. The print is in different level color: The pressure is unbalanced or the cover printing material is not balanced;
7. Sticking papers: the temperature is too high or the cover of printing material is not so good.

FAQS

What's sublimation product?

By applying sublimation coating to the exterior of objects, for example mugs, plates, metal boards and etc., photos are printed under the dye-sublimation process, producing extremely bright, vivid and colourful images. The digital images could be scenic pictures your own portrait, or any personal collective images. First, printing the pictures with sublimation ink onto inkjet paper as a carrier; then wrapping the paper onto the coated items and processing it under sublimation heat press machines at specific temperature and time.

The product is washable and microwave safe. The whole process is of individually manual operation; therefore it is suitable for personalized gifts or promotional products. Naturally, its price is brought slightly higher accordingly than normal similar products. (E.g. sublimation mugs VS. normal white mugs)

Step 1: Choose the items you are interested in, and the quantity you'd like to buy for each item, and send your inquiry to us by email best@bestsub.net. Make sure that you have an accurate contact method especially a workable email address. If you need the shipping cost, please notify us your delivery address or the name of the international port close to you.

Note: We do not have a MOQ for many of the items we currently offer. On the other hand, to achieve the most economical bilateral costs, we strongly recommend you to order one pallet at least by sea shipment(for 11oz mugs, it would be 1800pcs).

Step 2: We will reply your questions within 1working day (most likely to be within 24 hours). Again, your detail description on the potential order and your business direction would be very helpful to an efficient reply.

Step 3: You can take free samples with the value less thanUS$5. Any sample required beyond this value will be charged. Also you are required to pay for the sample delivery cost by DHL ,UPS or Fedex. We normally provide you two pieces for one item: one blank for your own testing and another one as a spare.

Step 4: Once you confirm the order, we will provide you a proforma invoice with our banking details. You would need to make the payment either by T/T (Telegraph Transfer) or Western Union transfer or PayPal or Credit card (for small amount only).

Step 5: Once the payment confirmed, we will follow your order and ship the goods to you as soon as possible. If we have stocks of the very products with us on the items you want, we will ship them straightforward.

How does BestSub deliver the goods to me?

We make delivery mainly by sea freight, it costs around 1 month from China to West Europe and North American, and about 15 days to Southeast Asia. However, if your order quantity is too small we have no choice but to deliver them by air courier, then you can receive them faster, usually it's door to door service.

If you have your own account # or shipping agent, please provide directly, we can contact them to pick up your order.

How should I make the payment?

We only accept full advance payment for orders with value less than US$5,000.

For order value greater than US$5,000, we accept 50% deposit when order confirmed, and the rest to be paid before shipping.

We prefer to accept payment by T/T (Telegraph transfer) to appointed bank account in China or Hong Kong. We can also accept small payment via Western Union transfer or PAYPAL if you like.
